▼ Languages

- Arabic – Native
- English – Very good

▼ Skill Highlights

- Project Management.
- Decisive Leadership.
- Strong Communication skills.
- Lean Manufacturing.
- Workflow Development.
- Machines Installation Layout.
- Six Sigma Methodologies.
- Strong Team Collaboration.
- Excellent Analytical Problem Solving.
- Cost Reduction.
- Data Analysis.
- SAP ERP.
- Presentation Dashboard.
- Data Driven.
- Strong Analytical Thinking.
- Statistics & Probability.
- Return on investment [ROI].
- Strategic Planning.
- Budget Management.
- Machine Learning.
- Data Manipulation.
- Data Visualization.
- Reliability Engineering.

- Major: Electrical Power and Machine Engineering.
- Overall Grade: Very Good.
- Graduation project grade: Excellent

▼ Certifications

- Lean Six Sigma Green Belt LSSGB: Six Sigma School.
- Data Science Fundamentals: IBM Digital-Nation.
- Statistics: 365 Data Science.
- Probability: 365 Data Science.
- Python Bootcamp: 365 Data Science.
- Mathematics: 365 Data Science.
- SQL: 365 Data Science.
- Machine Learning in Python: 365 Data Science.
- Data Processing with Pandas & Numpy: 365 Data Science.
- PLC & SCADA: CompuSys Center.
- Classic Control, High Voltage, Transmission Line, Transformers, Protection: Helwan Power Station.
- PMP Preparation.

▼ Computer Skills

- MS Project and MS Office (Word, Excel & PowerPoint).
- Anaconda Navigator, Python, SQL.
- Primavera P6, Google Sheets, SAP Maintenance Module.
- PLC & SCADA: Unity Pro, Step 7 , SIMATIC.
- Protues, AutoCAD.
- C, C++, Embedded Sys, Multisim.
